ADVANTAGES INCLUDE	✓ <i>Free schooling/training</i>	✓ <i>Convenient, online education</i>
✓ <i>Play a role in direct patient care</i>	✓ <i>Job security</i>	✓ <i>Potential salary increase</i>

Medical Clinical Assistant - Scholarship Opportunity

The Medical Clinical Assistant Scholarship Program is offered in partnership between the Cardiovascular Institute of the South (CIS), Midwest Cardiovascular Institute (MCI), and Fletcher Technical Community College. The program awards educational scholarships to those interested in advancement to become a certified medical assistant with opportunity for gainful employment.

New classes begin each spring and fall semester, and will include one

semester of online didactic training followed by one semester of 200+ clinical hours at various CIS or MCI locations.

Upon graduation, the student is awarded a Certificate of Technical Competency (CTC) in Medical Clinical Assistant and is eligible for the Certified Clinical Medical Assistant (CCMA) certification exam through National Healthcareer Association.

The Medical Clinical Assistant Program provides students with the

knowledge and skills to prepare them to perform noninvasive and peripheral examinations of the cardiovascular system at the request of physicians to aid in diagnosis and therapeutic treatments. The program includes instruction in reviewing and recording patient histories and clinical data, patient care, investigative and examination procedures, diagnostic procedures, data analysis and documentation, physician consultation, equipment operation and monitoring, and professional standards and ethics.

Application & Eligibility Requirements:

Applicants must meet the following minimum requirement and submit supporting documentation to complete eligibility for the scholarship opportunity and program. Applications submitted without supporting documents may result in ineligibility for scholarship/program.
